“These plants are for conservation purposes only and shall not be used for ornamental or for landscaping.”- SWCD Act

3 Gallon Potted Trees

Root Pruned Management Care:

Listed below are a few helpful hints to help ensure the survival of your trees:

- When picking up a potted root pruned tree, transport in a cool covered vehicle.
- Store the trees in a cool area out of direct sunlight or in a cooler if you do not plant them the same day
- Make sure the trees have adequate moisture during storage periods.
- Plant the tree as soon as possible but no later than one week.
- During planting, care must be taken to keep root pruned trees moist, shaded , and protected from the wind.
