

*Menard County Soil and Water Conservation District
103 Centre Drive, IL 62675 – Phone (217) 632-2431 Ext. 110*

PFC Practice Component List:

- Conservation Cover (Pollinator)
- No-Till/ Strip-Till
- Cover Crops
- Critical Area Planting
- Mulch-Till Residue + Tillage management, Reduce Till
- Well Decommissioning
- Dike
- Diversions
- Filter Strip
- Grade Stabilization Structure
- Grassed Waterways
- Lined Waterway or Outlet
- Mulching
- Pasture + Hayland Planting (Applies to land not in pasture or hayland within the past 5 years)
- Drainage Water management
- Stormwater Runoff
- Structure for Water Control
- Terrace
- Saturated Buffer
- Denitrifying Bioreactor
- Subsurface Drain
- Underground Outlet
- Water & Sediment Control Basin
- Constructed Wetland
- Streambanks

****This program provides cost-share assistance and other financial incentives for the construction or adoption of projects that address the following resource concerns or objects****

Conserve Soil and protect water quality

Reduce soil erosion and improve water quality

Improve Soil Health and Pollinator Habitat

Water Well Decommissioning projects to safely decommission inactive water wells and help reduce the potential for groundwater pollution
